EDUCATION

Bachelor of Engineering (Information Technology)

2020-2024 (9.2 CGPA)

Atharva College of Engineering, Mumbai University

EXPERIENCE

Web Developer Intern

June 2023 - July 2023

Company Name

InternPe

- As an intern my primary focus was on learning and gaining practical experience in web development.
- During my time there, I immersed myself in various aspects of front-end development, honing my skills in field.
- I am enthusiastic about applying my newfound knowledge and skills to contribute effectively in organizations.

PROJECTS

Notes

[link](#)

- Built Next.js Notes taking app with React, TypeScript, PostgreSQL, Prisma and SSR for SEO optimization.
- Integrated Google OAuth using NextAuth.js, securing user data and API routes with session management.
- PostgreSQL schema with full-text search and category-based organization, Prisma migrations for scalability.
- Responsive, accessible UI with TailwindCSS and shadcn-ui, Achieved 95+ Lighthouse accessibility score.
- Automated DB version control via Prisma CLI, reducing deployment errors by 40% during iterative updates.

Videotube

[link](#)

- Developed a Video-sharing platform using MERN, Cloudinary enabling seamless video uploads and streaming.
- Implemented JWT user authentication reducing unauthorized access by 100% and enabling session management.
- Designed a responsive frontend using React.js and Tailwind CSS, achieving cross-device compatibility.
- MongoDB to store user data and video metadata improving query efficiency by 40% through indexing.
- Streamlined storage using Cloudinary, reducing server load by 30% and accelerating image/video delivery.

Voyesta

[link](#)

- Architected a hotel booking platform using MERN stack and Firebase, featuring real-time booking updates.
- Firebase for uploads and retrieval, cutting image load times by 50% through caching and optimized compression.
- JWT token-based authentication ensuring secure user sessions and preventing unauthorized API requests.
- Integrated secure user authentication and authorization for signup and login using JWT.
- MongoDB schema for efficient CRUD operations on hotel listings, user profiles, and booking history.

SKILLS

Languages:

C++, SQL, Javascript, HTML, CSS

Frameworks/Libraries:

React.js, Next.js, Node.js, Express.js, Tailwind CSS, Prisma

Databases:

MongoDB, PostgreSQL

ACHIEVEMENTS

Team Member (GDSC-ACE): As a GDSC member, I contributed to tech projects, organized workshops, helped other students learn and develops skills, Fostering innovation and collaboration organized Webinars and Guest lectures and helped in managing them.

Team Member (Student Council): As a Student Council member, I organized events, facilitated student engagement, and supported administrative activities, promoting a collaborative and inclusive campus environment.
